

Mahatma Gandhi Institute of Medical Sciences

run by Kasturba Health Society

Information Booklet

FOR ADMISSION TO

FIRST YEAR M.B.B.S. COURSE 2021-2022

Email: admissions@mgims.ac.in

OBJECTIVES

MEDICAL EDUCATION

- To evolve an integrated pattern of medical education.
- To provide value-based and cost-effective medical education with a community oriented approach.
- To teach and train students with a focus on rural orientation.

HEALTH SERVICE

- To provide state-of-the-art health care facilities at affordable cost.
- To evolve a comprehensive health care delivery system consonant to the needs of the community.
- To empower the community by involving them in their own healthcare.
- To provide accessible and affordable health care, primarily to under privileged rural communities.

RESEARCH

- To conduct appropriate and community-based research on priority health issues.
- To promote research in Indian systems of medicine along with allopathic medicine.

Note:

1. Please visit our website www.mgims.ac.in for updates.
2. Admission to all seats of MBBS will be done on the merit of NEET UG 2021.
3. The tuition fee in MGIMS is as applicable to the Government Medical Colleges in Maharashtra State.
4. We do not have any management quota/NRI/Minority seats at MGIMS, Sevagram & have not appointed any representative in any part of the country for the purpose of admission.

Secretary, Kasturba Health Society	-	Dr. B.S. Garg
Dean, MGIMS	-	Dr. N. M. Gangane
Med. Superintendent, Kasturba Hospital	-	Dr. S.P.Kalantri

(B) INTRODUCTION

MGIMS: Quality Medical Education

The institute strives to produce doctors of high clinical competence, professional attitudes and ethical behavior. The Institute believes that Gandhian values and principles are relevant even today and it displays a fierce commitment to advancement of medical education without losing the humane touch. We, at MGIMS, are conscious of the fact that medical education needs to maintain the right balance in the eternal triangle of 'quality, quantity and equity'. The students at MGIMS are drawn from all parts of the country and come from all kinds of social backgrounds. Every effort is made to acquaint the medical student to the real rural India. Our approach to medical education

with the spotlight on rural community oriented education makes our doctors sensitive to the felt needs of the people they would be serving in their future. Our students are expected to adhere to professional norms which include altruism, compassion, empathy, accountability, honesty and integrity.

The Institute has been accredited grade "A" by NAAC in recognition of its academic, research & health care activities.

Unique code of conduct

The students and staff of the Institute adhere to a unique code of conduct, where they are expected to wear hand-woven khadi, participate in shramdan and attend an all-religion prayer every Friday evening. Non-vegetarian food, alcohol and tobacco are taboo.

Orientation Camp

Soon after admission to the MBBS course, Orientation Camp is organized for the students. They live in Gandhiji's Ashram for 15 days, where they are oriented to Gandhian ideology and learn the Gandhian way of life. Drawn from different geographical and cultural backgrounds of the country, this phase helps them get acquainted with each other and respect mutual differences.

Research

The focus of the Institute has been on community based medical research. Quality research has been the hallmark of this rural institute and the large number of funded projects awarded to the various departments is ample testimony to the potential of the researchers. We have consistently received funding from the Indian Council of Medical Research, Department of Science and Technology, Department of Biotechnology, WHO, UNICEF, USAID, Fogarty AIDS Research and Training Program, USA, Canadian Institute of Health Research, Population Health Research Institute, Canada, National Institutes of Health (NIH), National Heart Lung Blood Institute (NHLBI) and other such organizations. Being located in Sevagram has never been a hurdle in acquiring either funds or facilities as the enthusiasm and the dedication of the faculty surpasses all other deterrents. Each year, the large numbers of national and international peer reviewed publications from this Institute provide evidence of excellence in research.

KASTURBA HOSPITAL

Rural Health Care

The hospital primarily caters to the rural populace. Almost three-fourths of the patients who visit our hospital come from rural backgrounds. The patient load comes to us not only from Vidarbha in Maharashtra, but also from adjoining parts of Andhra Pradesh, Madhya Pradesh and Chhattisgarh. Kasturba Hospital is a rural institute but it does not lack in any of the modern health care amenities and is able to provide health services at affordable costs. Kasturba Hospital offers the benefits of modern technology with compassionate health care.

AWARDS AND RECOGNITION

The National Rural Health Mission has lauded the 'positive contribution of MGIMS in maternal health activities conducted in partnership with the Government of India'. In 2006, the Institute was awarded the Mahaveer Award for Excellence in the Sphere of Education and Medicine by the Hon'ble President of India. The Institute was bestowed with the National Award for Innovative Hospital and Health Care Management by the Bombay Management Association in 1990. MGIMS has been included among the top 20 best Medical Colleges of the country by the INDIA TODAY survey in May 2008. A survey conducted by the National Medical Journal of India in 1996 ranked the Institute as second in research in Maharashtra. According to a survey (July 2014) by Outlook magazine, MGIMS has been ranked 17th in the list of top 25 medical schools of the country. The monthly Magazine "Careers 360" which is India's largest higher education & career counseling portal and gives bird's eye view of the popular study destinations

across the globe has ranked Mahatma Gandhi Institute of Medical Sciences 10th in the list of India's Best Private Medical Colleges based on student's quality, output, impact and learning.

Over the last four & half decades, the MGIMS faculty has been striving hard to imbibe the philosophy which makes it pursue excellence in academics, healthcare and research, more than mundane needs and money; and to maintain excellence in quality. Today, MGIMS has impressive academic standards and excellent research facilities. In the 51 years of its existence, many doctors have graduated from the hallowed premises of MGIMS. Our alumni, spread far and wide across the globe, continue to bring laurels to their Alma Mater.

(C) DISTRIBUTION OF SEATS (100 SEATS)

Maharashtra - 50 / All India - 46 / Central Pool – 04

SEATS EARMARKED FOR THE "CENTRAL POOL SCHEME" FOR GOVERNMENT OF INDIA
